2018 RED C RED

RED WINE

ABOUT THE WINE:

Sourced primarily from grapes grown in Sonoma Valley and Bennett Valley in Sonoma County, RED C RED was originally made uniquely from the Covenant Cabernet Sauvignon press wine from Napa Valley. This Cabernet Sauvignon press wine still represents 10% of the total blend. The remaining blend of the RED C RED consists of free run from exceptional Sonoma vineyards from which we source Syrah, Merlot, Zinfandel, Malbec, Petit Verdot, and Grenache best suited to our vision here. The exact blend changes yearly, but the predominant grapes are the Syrah, Petit Sirah, Malbec and Zinfandel.

TASTING NOTES:

Softer than our Napa Valley Cabernet Sauvignon, RED C RED still packs plenty of concentration and power. Red fruit tends more towards raspberry and strawberry than darker cassis or blackberry. Tannins are firm yet fine. They frame a multi-layered core of fruit, spice and herbs that continue to give RED C its broad appeal from year to year.
