## 2021 RED C SAUVIGNON BLANC

---

SAUVIGNON BLANC

### **ABOUT THE WINE:**

The grapes for this wine are sourced from the Rooster Vineyard in Lake County, California. We ferment with native yeast in stainless steel barrels, stainless steel tanks and some neutral French oak - all of which highlight bright, fresh acidity and vivid fruit flavors. The wine was bottled 5 months after harvest and released early to highlight freshness. It does not go through malolactic fermentation.

### **TASTING NOTES:**

RED C Sauvignon Blanc is blessed with bright acidity and a sleekly styled, mineral-like structure. At its core, the wine offers classic grapefruit notes, with hints of lemon and herbs.

### **VARIETAL:**

Sauvignon Blanc

### **APELLATION:**

Lake County

### **PRODUCTION NOTES:**

Native Yeast Fermentation in mostly stainless steel barrels tanks; No Malolactic

### **CASES PRODUCED:**

700

### **SUGGESTED RETAIL:**

\$24
